### WHY THE LOGO MATTERS

From a survey conducted in October 2014 by UL Environment:

- The Leaping Bunny Logo was ranked as the top third-party claim for personal care products for supporting a price premium, influencing purchasing decisions, and positively impacting the brand.
- The Leaping Bunny Logo was also the top third-party claim for cleaning products for influencing purchasing decisions and having a positive impact on the brand. This logo placed ahead of both the Green Good Housekeeping seal and the USDA Organic seal.
- 93% of consumers chose a certification as one of their top three factors for purchasing a product.
